

Merry Christmas from Voice Of the Bride

The medical outreach was incredible this past month. 1000+ received medical check up; given any needed medication; eye exam and eye glasses distributed; dental work; chiropractic adjustments, and even a hair cut and beard trim, all with the love of Jesus! We were privileged to work alongside all of these great medical missionaries. We provided worship for the crowds while our regular Mexico ministry partners helped serve hot meals and did personal ministry and counseling.

We had a great non-perishable food drive. At first, it looked a little grim. But, in the end, 11 full boxes were distributed to the families we help each week. We wanted to stock their shelves a little while away visiting our family for Christmas. We could not have done it without some amazing local friends who rallied together and collected food. A huge thank you to those who helped & praise GOD for His provisions!

Another successful toy drive this year, saw nearly 200 toys collected, to be distributed Christmas day! Three large bags of brand new canvas lunch boxes were also donated from one friend's connection, as well as another donation of various school supplies. We filled each lunch box with supplies and a little candy. The kids were thrilled. O Happy Christmas!

We are grateful for those of you who responded to the V.O.B-A-Gift. We were able to purchase 175lbs of rice, 75lbs of beans, and 3 gallons of cooking oil. These were distributed to the elderly home, infirmary, & 2 large feeding outreaches. Also, contributions were made for clean water for the Thursday outreach, tools for a hard working carpenter and mechanic, as well as gas money for ongoing deliveries. We are grateful for every thoughtful response. We also thank you, on behalf of those we serve. Truly, the presence of the Lord is with the poor.

We don't do this often, but we would like with us in 2012. We need to build full time ministry. Also, maybe some investment for a year end tax postmarked by 31st. You can also visit

like to ask you to consider partnering our funds up a bit in order to maintain of you would like to make one last deduction. Just be sure your envelop is our paypal link through our website below!
