V.O.B. News

Thank You VOB Partners

These happy faces were made possible by you...*you know who you are!*

This new guitar for Victor was donated by **one of you**. And let me tell ya, this special brother made it worship the Lord right on the spot! Go to our [website](http://www.voiceofthebride.net) to listen in!

12 yr old, Genesis, had dreamed of playing sax. I put the word out and **one of you** donated funds and **one of you** picked it out and donated all the accessories to ensure she had all she needed to make her dreams come true.

We bought the truck above, **with your donated funds**, for Vicente in Tijuana. He delivers food, which we bring him, to all of the facilities and rural colonias we have reported on previously. This 4 wheel drive has made difficult passage a much greater ease.

The 2 trucks to the left were just donated by **one of you**. They come in perfect timing, with a season of favor we are beginning to see, once again, with produce being allowed to cross through Mexican customs. Like the nearly 8,000 pounds (that's 4 tons) of onions we have moved across the border in the last 2 weeks.

Thank **all of you** for your help in making an impact for Jesus in the lives of others! By the way we are looking for more monthly partners on our team. *Love, Wayne & Carol*
