

### Supporting musicians in Mexico:

VOB is able to provide instruments, as well as helping to sponsor training, to musicians and worship leaders in Tijuana. By doing so, we hope to encourage and support, those who are desiring to serve the Lord through music.

Voice of the Bride "Worship and Compassion" Ministries exists for two purposes.

We believe worship and compassion, go hand in hand. When we worship the Lord, the natural outflow, is love for the things that He loves. This moves us to action and compassion. Our love for the poor, shows us the heart of Jesus, which leads us back to worship Him.... One leads to the other. The other leads back to the one. We love it!

Along with the "worship" arm, our "compassion" arm is either picking up donated food supplies daily, or distributing the food and other items to those in need in the poorer parts of Tijuana. This includes orphanages, rehabs, elderly homes, women's shelters, infirmaries, and various street outreaches, where many people hear the Gospel, as well as receive food for their families.

It is our sincere honor to serve the Lord with worship and compassion. If you are interested in learning more, or would like to invite a team to come to your city or group, please contact us.

*Voice of the Bride is a 501(c)(3), non-profit organization, with every gift being tax deductible. Thank you so much for your participation. Please feel free to share this information with friends or interested parties. Your help can make a big difference in furthering the Kingdom of GOD!*

## VOICE OF THE BRIDE MINISTRIES

- WORSHIP

### Supporting city-wide worship in San Diego:

Since we are based in San Diego, CA., we support what the Lord is doing in worship, here in the city. As often as we can, we participate in city worship events, and try to encourage and stand with others, who are also moving in the field of worship and prayer. It is super exciting to see others catch the vision of how we can change the world, through worship & intercession.

*Praying for a missionary to India.*

### Partnering with the nations:

Our vision is to partner with the nations, in what we call World Wide Intercession Plan. The goal of WWIP, is to send worship & prayer teams into the nations, to do on sight worship & intercession, on behalf of that nation or city, any ministries, or specific needs of a locale or organization. Our hope, is to assist in bringing breakthrough on behalf of others, throughout the world, as well as here, in our nation. Give us a call if you are interested in having a team come to your community or city!

## WORSHIP - STANDING IN THE GAP!

### Place o.f Worship: P.o.W.

Every month, VOB sponsors Place o.f Worship San Diego. **P.o.W.** exists to advance the Kingdom of GOD, through worship and intercession. The goal of our gatherings, is to worship the King of kings & the Lord of lords, partnering with Him, as we worship, to prophetically promote the causes and presence of the Lord Jesus Christ. We do this through music, intercession, Scripture reading, prophetic art & dance. We also fully believe that each person who attends, should be able to contribute, in whatever way they can, as the Lord leads. So we open things up for others to participate throughout the evening. We specifically invite artists, dancers & intercessors, to come & be with us, knowing that, without the full Body of Christ, we cannot move forward. In addition, we collect non-perishable food items, for the needy, as part of our 'worship and compassion' mandate. Our priorities: Worship the Lord, prayer for the nations, food for the needy.

### Partnering with missionaries:

We have had the privilege of partnering with sister ministries & friends who work around the world, through worship and prayer. We've sponsored missionaries to come, share, and be a part of P.o.W., where we are able to worship GOD & stand in the gap for that specific work. We have also done worship & prayer, participating with missionaries & Christians in other parts of the world, in worship & intercession, via the technology of Skype. This is an exciting development for VOB, as we hear from the heart of the people, directly, and stand with them, while they are listening & watching. We also livestream our P.o.W. nights, so that anyone, anywhere, can be with us.
